COMMUNICATING THE VISION

We shall double efforts at imparting grassroots leaders with the vision of the Ministry.

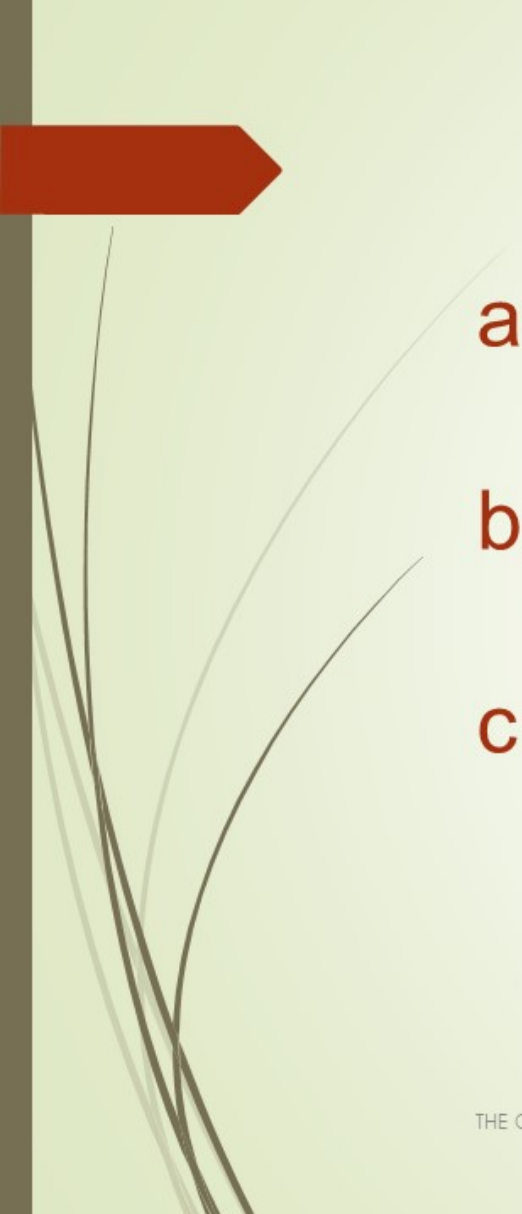

DEVELOPING LAY YOUTH LEADERS

We shall invest time and resource to develop lay youth leaders just as the clergy are being developed.

WHY?

- a. Lay youth workers stay longer in youth ministry at the grassroots than the clergy (due to transfers, etc.),
- b. Ministry to young people at the grassroots would be helped a great deal if lay youth workers are trained and better equipped.

- 
- a. We will therefore give adequate attention to training lay youth leaders
 - b. We will give out certificates to those trained.
 - c. The Ministry would encourage that appointment of District leaders, Local leaders, etc. is preferably done from such trained personnel in the Church.

EQUIPPING GRASSROOT LEADERS

- We shall also endeavor to equip the grassroots leaders with the appropriate training and resources needed.
- We shall also take time to equip them on how best to use the syllabi.
- We shall endeavor to develop a lesson plan for the youth syllabi.
- We shall organize national youth leaders' conferences biennially.

CENTRE FOR THE STUDY OF YOUTH MINISTRY

We shall seek to have a centre for the study of youth ministry established at PUC/PTS

YOUTH MINISTRY RESEARCH

We shall establish a committee for youth ministry research and resource development that will encourage youth workers to research into youth work and emerging trends, and write on them.

SCHOOL OF YOUTH MINISTRY

- School of Youth Ministry, a programme earmarked for leadership development, shall be held in two formats.
- ✓ The first format shall be held biennially at PUC/PTS.
- ✓ The second format shall be an itinerant youth leadership training programme to be held at the Area/zonal level at least once every year. It shall be called the 'Youth Ministry on the Go'.
